Commissioner for Patents

In the election/restriction requirement (paper no. 3) the examiner suggested that claim 5 is readable on the species of Group I disclosed in Fig. 2 and that claim 1 is readable on the species of Group III disclosed in Fig. 10. However, upon further review the structures disclosed in Figures 5 and 10, claim 1 is found to be properly readable on Fig. 5, and claim 5 is found to be properly readable on Fig. 10. The examiner would like to take this opportunity to make the following corrections to the election/restriction requirement. The examiner apologizes for any inconvenience that might have caused.

On page 2, line 4, of paper no. 3 "Fig. 2" should have been read and has been changed to --Fig. 10--; and "Fig. 10" should have been read and has been changed to --Fig. 5--.

Applicant's election of the species of Group I including claim 5 is acknowledged. However, because of the corrections, applicant is given one month or 30 days to re-elect one of the species for examination.
